GitHub: <https://github.com/projoynaidu-cmd>

Professional Summary

Detail-oriented and creative Frontend Web Developer with 1.5+ years of experience building responsive, accessible, and modern web interfaces using Vue.js, React, JavaScript, HTML5, and CSS3. Passionate about crafting clean UI/UX, optimizing performance, and solving real-world problems through code. Founder of VNexus (formerly VueNexus), a personal initiative focused on AI-enhanced frontend projects and tools.

Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+), SCSS

Frameworks & Libraries: Vue.js (Vue 3, Composition API), React.js, Tailwind CSS

Tools & Platforms: Chrome DevTools, Git, GitHub, VS Code, Figma (UI handoff), Vercel

Practices: Responsive Design, Mobile-First UX, Accessibility (WCAG), SEO Basics

Other Technologies: REST APIs, Form Validation, Agile Workflow, Web Security

Fundamentals

Professional Experience

Frontend Developer

VNexus (Self-Driven Projects) – Sylhet, Bangladesh

Mar 2023 – Present

- Developed production-ready interfaces using Vue 3, React, and Tailwind CSS
- Transformed Figma designs into mobile-first, pixel-perfect user experiences
- Integrated backend APIs, handled validation, file uploads, and deployed to Vercel
- Focused on performance (lazy loading, code splitting) and accessibility best practices

Freelance Web Developer

Remote / Contract-Based

Aug 2022 – Feb 2023

- Delivered responsive websites and landing pages using Vue, React, HTML, and CSS
- Helped small businesses and creators go online quickly with modern UI/UX
- Implemented semantic HTML, SEO tags, and design consistency for better UX & rankings

Key Projects

Multi-Step Job Application System

- Vue + React-based job form with step-by-step UI and real-time validation

- Integrated email notifications and built an admin panel
- Backend powered by Express.js and MongoDB, deployed on Vercel

VNexus Brand Projects

- Developed internal tools and reusable UI components under the VNexus brand
 - Prototypes include admin dashboards, dynamic forms, and AI-enhanced interfaces
-

Certifications & Training

- Full MERN Stack Web Development Bootcamp (Ongoing)
 - Advanced JavaScript & Vue 3 Mastery (Self-Learning – 2024)
-

Achievements

- Deployed 10+ real-world web projects
 - Built and launched personal dev brand: VNexus
 - Automated job application flows and admin tools using custom code
-

Languages

- Bengali (Native)
 - English (Professional Proficiency)
-
